

Please do not let LPFM take priority over a radio station that I have come to love, since I moved to Rohnert Park 5 years ago. I wake up to K-LOVE (91.9) every morning, to music that is uplifting and wonderful Hosts (John and Sherry Rivers). There are so many people in this area that love K-Love that would be displaced without the uplifting power that comes from the heart of this station and touches so many lives. K-LOVE means more to me then I can say, please let it stay on the air. Thank you for reading my comments.
